

April 30, 2021

Junior Elementary Project

Dear Parents,

We would like your child to demonstrate an **experiment**; or present **research** on a topic of their choice during the week of **May 24, 2021**. Presentation should be no longer than 10-15minutes. Listed below are some examples of topics that may be chosen. You are free to explore other options beyond this list.

- Physical Science: Force and Motion, Gravity, Balance, Inertia, Stability, Weight, Buoyancy, Density, Air, Matter (Solids, Liquids, Gases), Magnetic Forces, Simple Machines, Structures
- Botany: Plants (Fruits or Vegetables), Leaves, Flowers, Seeds,
- Zoology: Animals (Anatomy, Habitat, Camouflage, Migration, Nutrition, Reproduction)
- Earth Science: Sun and Stars, Planets, Weather, Erosion, Volcanoes, Crystals, Clouds

Experiment:

- Hypothesis
- Materials required
- Method
- Outcome
- Title page and diagrams

Research Project:

- Title Page
- Pictures or illustrations
- Typed or Handwritten information
- Bibliography

Documentation for each project can be presented on Bristol board or in a duotang.

Each project will be graded as follows:

- Content 10 points
- Creativity 5 points
- Presentation 5 points
- **Less 1 point per day on late submission**

Thank you for your encouragement with this endeavour.

Sherra, Tracey & Christine
